

# Citect Anywhere V1.1

By Schneider Electric

## ☰ Product Information

Vendor	Schneider Electric
Brand	Citect
Name	Anywhere
Market Version	V1.1
Numeric Version	1.1
Architecture	x86
Release Date	2017-03-31
Support Lifecycle	Mainstream Support
Locale	en-us

## ⓘ Report Legend

! Notes are available for an entry.

## ⓘ Definitions

Environment Compatibility: Ability for an AVEVA product to operate with a technology on the system

Product Coexistence: Ability for two AVEVA Products to be installed, configured and run on the same machine

Product Interoperability: Ability for two AVEVA products to communicate through a common message protocol

Not Tested: Certain updates are not tested because the affected software package is not normally found in environments with Citect software installed

PartOf: Parent - Child Relationship

## ☰ Product Notes

Citect Anywhere 1.1. comes with the following new functionality:

- Support for domain user groups. You can now add domain user groups to the Citect Anywhere VjcaControl and VjcaView groups.
- In the previous version, Citect Anywhere was unable in certain scenarios to determine the install location of Citect SCADA with multiple Schneider Electric applications installed. This resulted in Citect SCADA not being launched through the Web Client. This has been fixed in version 1.1.
- Citect Anywhere now supports Schneider Electric Floating License Manager version 1.9.10. Depending upon the version of Citect SCADA you are running, you **may** need to re-configure the port setting for the Floating License Manager. Refer to the section “Configuring the License Server Manager Port” in the Citect Anywhere Server Installation and Configuration Guide for instructions on configuring the port setting.

## ▣ Product Interoperability / Compatibility

- Citect SCADA 2015
- Citect SCADA 2015 SP1
- Citect SCADA 2016
- Citect SCADA 2018
- Citect SCADA 2018 R2
